

The Lower Savannah Council of Governments (LSCOG), in coordination with stakeholders from the cities of Aiken and North Augusta, will host two public open house gatherings to discuss the future of public transportation services in Aiken and North Augusta.

The Best Friend Express local bus service provides important mobility services to many residents of Aiken County. Beginning in 2023, LSCOG initiated a Transit Improvement Study to evaluate the current Best Friend Express bus network, examine regional travel patterns, and make recommendations on potential improvements. The project team has developed a set of routing and service delivery recommendations and invites the public to attend one of the two upcoming Open House presentations. These gatherings will give the public the opportunity to learn about the study and its recommendations, and to provide feedback and have their questions answered by project team members.
